Dear Mr. William V. Ferro,

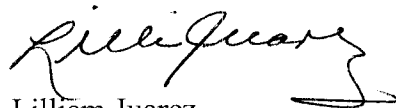

It is through means of this letter that we the members of *Unity Housecleaners Cooperative*; would like to express our gratitude and thanks to you and everyone at the law firm of **FKMS** for their generosity.

Your gift of backpacks and school supplies was a resounding success with our members and the children of our community. We were able to dispense all of the gifts you provided to our members' children and other school aged kids in our community that joined us at our annual fund-raising barbeque.

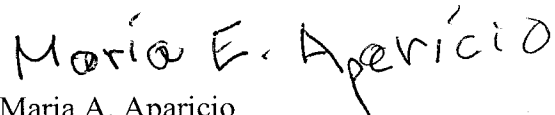

All of the children and their parents were extremely pleased with the materials they received in each gift pack and couldn't wait to put them to good use this school year. We were able to reach out to people of our community and at the same time make a difference in their budget for school supplies, all in part to your kindness.

On behalf of all of us here at Unity Housecleaners Cooperative, we thank you and everyone at the law offices of Ferro, Kuba, Mangano, Sklyar, Gacoyino & Lake.

Cordially,

Lilliam Juarez  
Cooperative Coordinator
